MC CAW TO SPEAK AT BROTHERHOOD BANQUET IN CAFETERIA FEBRUARY 21

Rev. John E. McCaw, director of the Student Christian Fellowship, will speak at the annual Southern Illinois Normal University's Brotherhood banquet which will be held in the Cafeteria, starting at 6:00 p. m.

The banquet is being sponsored by the Danbar Literacy Society, Independent Student Union, and the Young Women's Christian Association. Working with faculty sponsors Mr. D. S. McIntosh, Miss Annemarie Krause, and Dr. Hudson Lewis, representative committee consisting of Virgil Hornberger, Edwardville; Frances Clark, Marion; Dorothy Byrnes, Carbondale; Gladys Pinsky, West Salem; June Phillips, Benton; Jamie McGee, Granite City; furnished the plan for the affair.

Tickets on Sale Now
Tickets for the banquet are 50 cents and may be purchased this afternoon at Virgil Hornberger, general chairman of the banquet, in the office and president of Danbar Literacy Society of S.I.N.U., 215 S. 11th St., Carbondale, Ill. Tickets from West Frankfort, will appear as special value tickets on the program.

The observance of national Brotherhood Week, which is set aside by President Franklin Delano Roosevelt, was started on the S.I.N.U. campus by the Danbar Literacy Society in the spring of 1942. The idea of an interdenominational banquet was initiated at the time and has become an annual event on the S.I.N.U. campus. The name of the banquet has since been changed to Brotherhood Week Banquet, and Carl Mitchell of Chicago.

The Brotherhood Week Banquet was attended by fifty-four students and faculty with Dr. Danbar.

HEALTH DEPARTMENT DOING EXTENSION WORK IN METROPOLIS

The Department of Physiology and Health Education has been conducting an extension course in Metropolis, Illinois, under the direction of the superintendent of schools of Metropolis, Illinois, for some time. The content of this course was designed to give these subjects, to the field of health, a more complete view to elementary and high school teachers, and was agreed upon by both the Department of Physiology and Health Education.

The study of the physical sciences, including anatomy, physiology, and nutrition, is the basis of health education. The physical sciences are the basis of health education. The physical sciences are the basis of health education. The physical sciences are the basis of health education.

At the present time the class is working with reports of individual group examinations. A group of doctors in the county will be making a physical examination of the Metropolis courthouse, and an average of three subjects will be examined by the school board.

St. Smith is to be commended for his contribution and services to the city for getting 100 per cent cooperation between the pupils, teachers, board members and physicians. St. Smith is to be commended for his contribution and services to the city for getting 100 per cent cooperation between the pupils, teachers, board members and physicians.

DR. LAWSON PLANS DISCUSSION SOCIETY

A meeting will be held Tuesday, February 13, in the Student Lounge of the Old Science Building of Southern Illinois Normal University to organize a round-table discussion society. The meeting has been called to meet the student demand for a more complete extra-curricular speech program on the campus.

The discussion society will meet regularly as any other group. At each meeting a topic will be taken for open discussion. These topics will not be limited by the text, but will be debatable. Later these round tables will be carried over into other and other student assemblies.

Dr. Douglas Lawson, head of the education department at Southern Illinois Normal University, has agreed to sponsor such a speech activity at the college after an informal round-table discussion for a debate team. Looking forward to the time when round-table discussion groups will replace debating in all schools, they are rapidly doing, he believes the interest in Southern students expressed in a meeting to revise the program can carry over to make Southern a pioneer in the modern trend of round-tables.

Two years ago, Dr. Lawson drew up four points, giving the purposes of discussion groups. They are as follows: (1) To give students an opportunity to discuss and reason out their own ideas. (2) Subscribing to the principle that to evaluate both sides of an issue is to gain a more intelligent view of the truth than is any controversy in which each party draws all consequences of his opponent's views. (3) Subscribing to the principle that the controversy is to be a search for truth rather than a search for victory. (4) Subscribing to the principle that the controversy is to be a search for truth rather than a search for victory.

MR. D. S. MCINTOSH NAMED TO POSITION

Mr. David S. McIntosh, head of the State Department at Southern Illinois Normal University, has been named chairman of the North Central State Education Conference. The committee is composed of fifteen members from the North Central States, interested in the education of the future. Mr. McIntosh will be in charge of the conference, which will be held in the State Department at Southern Illinois Normal University.
